

Ballot Box – Coffee Table

Phase Design

The Ballot Box invokes the spirit of minimalist artist Donald Judd. Crisp lines unify to create a steel box, and a sleek sunken lumber top is punctuated with a rectangular cut out. The table is constructed out of steel and finished with chrome plating or powder coating. The polished or powder coated metal is mimicked in the cut out which is under-mounted to the wooden top.

Steel coffee table with solid wood top, available in walnut, white oak, or ebonized oak. Available in polished chrome or powder coat finish.

Starting at: $4,840
