

Angle Pendant Series

SkLO

A dynamic asymmetrical tubular brass structure of the Angle 3.0 Pendant combines with minimal handblown glass diffusers to create a striking yet airy composition. Subtle variations in the weights of the handblown glass diffusers mean that the aspect of the pendant will have an inherent range, varying from one to the next. This is part of the design intent, adding depth and originality to every fixture. Perfect for large spaces.

Starting at: \$4,200
