

# Ceto Four Light – Single Horizontal Chandelier

Ross Gardam

Ceto captures the variation and rippling of the surface of the ocean. The collection explores the deep relationship between light and self in a range of mesmerizing luminaires. Each piece reflects a distinct pattern emitting a delicate luminosity, which embodies the presence of the sea and the power within its undulating movements.

The Ceto Single Horizontal Chandelier features multiple Ceto luminaries connected by a solid machined aluminium body in a horizontal format, which reimagines the conventional chandelier. The single format showcases a singular tube suspended from above. A striking addition to any interior setting.

This fixture is available in an S and L configuration. In the S configuration, the Ceto glass housing is closer to the central rod. See Spec sheet for details.
