

## Coco De Mer

Larose Guyon

Coco de Mer encapsulates the essence of our original Coco, which would have spent long years in the depths of the ocean.

Imaginary divers discovered this Coco nestled in the hollow of a sunken wreck. Transformed by its aquatic surroundings, our Coco de Mer now unveils its new beauty as it is brought back to light.

Metaphorical molluscs and seaweed have clung to it. In their embrace, they bestowed upon our Coco a textured and irregular appearance only Nature can shape so well.
