

Dean Oval Side Table

Gabriel Scott

A design with mid-century sensibilities, meet the Dean Oval Side Table. The coolness of a minimalist metallic structure softened by the rounded edges of its glass top, the Dean Side Table features a versatile silhouette that breathes space into any room.

Showcasing industrial design met with elegant lines, the Dean's metallic base is available in black steel, satin brass, copper or nickel finishes, and is topped with clear, smoked or bronzed glass tops.
