

Drift Concrete

Established & Sons

It's hard to find a more futuristic looking form. Designed to last, the concrete Drift bench is a timeless masterpiece. Whether placed in a bank lobby, public square, botanical greenhouse, English country garden or alpine height this bench provides a sculptural focal point. Made from very fine sand and cement with a crushed limestone fleck the smooth surface is expertly cast by an artisan sculpture studio.

\$19,200

113" length x 34.25" depth x 16.5" height, seat depth 16.5"
