

Franki Stool (I & II)

OKHA

OKHA works selectively with local artisans that reflect their cosmopolitan, polyglot South African expression. Being small and artisanal they are dedicated to quality hand-made products.

Franki II brings a softer and more feminine approach and in true OKHA style the Franki II celebrates the power of purity and reductionism, celebrating the beauty found in clean lines and sculpted forms, a silhouette that is contemporary and sophisticated. The bar stool's curvaceous nature provides a distinctly graceful sense of comfort and style.

Inspired by the desire for gender duplicity, Franki II effortlessly balances masculine and feminine characteristics. A slight variation in finishes and geometric elements leans the design towards one gender or the other, making it a truly versatile addition to any interior
