

Komorebi by Suchi Reddy

Henzel Studio

This work by Suchi Reddy forms part of The Atelier Editions program, a series of limited textile works created in collaboration with artists, architects and designers. The piece is introduced in the context of Milan Design Week at Museo Nazionale Scienza e Tecnologia Leonardo da Vinci, within the historic spaces of Le Cavallerizze.

Extending her sculptural practice into textile form, Reddy develops a work that moves between wall and floor, allowing the composition to activate space rather than remain confined to a single surface. The work unfolds as a two-part composition that can move between wall and floor, allowing the elements to activate different planes within a room and establish a dialogue between architecture, object and environment.
