

Liminal Pendant

Ross Gardam

Liminal exists in the threshold between object and space. Its floating silhouette is suspended by a trio of central support rods, creating a carefully balanced composition unique to the piece.

Offering independently switched uplight and downlight illumination, Liminal allows for layered atmospheric control within a single fixture. A modular lap joint detail defines the fixture's side profile, reinforcing its architectural character. Available in five lengths and eleven standard finishes, Liminal adapts seamlessly across a range of architectural environments while maintaining its quiet, immersive presence.

*Hang height is confirmed prior to production. Power access point required at center ceiling canopy for triple drop, or from one canopy for double drop.
