

Lopez Chandelier x3

Scott Daniel Design

The Lopez Chandelier by Scott Daniel Design. This fixture was designed to fill the voluminous space. Referencing the mobile as a chandelier, ceramic diffusers of different shapes and sizes were carefully positioned to balance in space. As a group, they evoke a sense of movement as your eye follows the unique patterns of light emitting from the various shapes.

Starting at: \$55,250

48" Dia. x 24"H as shown (*not including drop)
