Established & Sons

The generously sized Lucio high-back chair and Lucio lounge chair offer reclined and relaxed seating positions, with flowing forms cleverly supported by a laminated ribbed construction that shapes to the user for extra comfort. The foam-and-fabric body of each chair is connected to its tubular steel frame with a textile or leather cover.

Ideal for breakout spaces, the new Lucio high-back chair has the option of an integrated side table that pivots for ad-hoc working.

“The brief I set myself was to create a steel-framed chair out of tubular sections, which was very efficiently designed and very light. It utilizes new technology to support your body,” said Sebastian Wrong.
