

Luna Sconce With Glass Beads

Gabriel Scott

Luxurious and elegant, the Luna Sconce with Beads is handmade using an alabaster white glass tube and mouth-blown glass beads. Diffusing a warm glow, the luxury wall light is the perfect addition to a residential, hospitality or commercial environment.

The Luna Sconce with Beads comes with two glass beads available in smoked amethyst, smoked bronze, smoked gray, yellow glass, blue glass or California Pink. Various metal finish options are available including blackened steel, satin brass, nickel, copper or bronze.
