

Myriad Long Chandelier (9, 12, 13)

Gabriel Scott

Designed with bioluminescence influences, the Myriad 13 Chandelier elegantly combines alabaster white double-blown glass and a modular, asymmetric system to create a sculptural lighting fixture which evokes nature.

Available in satin brass, bronze, copper, nickel or black steel, the Myriad Chandelier is handmade to order, which means it can be customized to bespoke dimensions. Gabriel Scott's design team will be delighted to work with you to create something that works perfectly for the space.

The Myriad 13 Chandelier looks visually perfect on its own but also beautifully complements the Myriad Double Pendant. Take a look at the Myriad collection for all sizes and options.

Starting at: $17,400

85" x 20" x 40.25" H + Stem
