

Nebulae 23 – Horizontal Chandelier

Ross Gardam

The Nebulae collection takes its name from the natural phenomena of interstellar clouds and their dynamic layered lighting effects. Featuring geometric machined forms coupled with fluid glass discs, Nebulae creates a harmonic balance between the elements. Featuring a series of cascading luminaires, each one is connected by a singular aluminium tube, creating a gentle, distinct glow in a united format.

Designed for use in taller open spaces, working in modular configurations, the Nebulae Vertical
