

Oak Pendant Light

Ross Gardam

The Oak Pendant Light is an object that celebrates the grain detail of the individually selected timber. Each light is hand turned using guides from a solid timber formed together to minimise material waste. Designed with sustainably sourced timber, this unique pendant light emits a delicate luminance.

Starting at: \$1,167

The body of the Oak Pendant Light is accentuated by the intersecting hole which defines its unique form. Its expansive surface area showcases the beauty of natural timber, with its distinct grains adorning each product.

Oak Pendant Light is available in two sizes and three finishes.
