

Prometheus II Linear

Christopher Boots

Prometheus stole fire from the Gods of Mt Olympus and gave it to humankind. More than the means for survival, light and technology, Prometheus’ gift represented creative potential.

The spark of creation, previously limited to the Gods, gave mortals the power to dream, create, imagine and challenge. PROMETHEUS I is an ascending blaze of crystal quartz, venerating its namesake in a ring of flame, embodying the Christopher Boots rough-luxe aesthetic and is considered a contemporary classic.

PROMETHEUS II hangs natural quartz crystals downwards like Swords of Damocles, simultaneously displaying signature aesthetics of object, light and form.
