

Reincarnation (Continuum) by Annysa LaMantia

Henzel Studio

Developed for Atelier Bowy C.D., part of Henzel Studio, this work by Annysa LaMantia forms part of The Atelier Editions program, a series of limited textile works created in collaboration with artists, architects and designers. Titled Reincarnation, the work is presented alongside the companion pieces Carpe Diem and Past Life, together forming a trilogy introduced in the context of Milan Design Week at Museo Nazionale Scienza e Tecnologia Leonardo da Vinci, within the historic spaces of Le Cavallerizze.

Originating from LaMantia's capsule Continuum, the body of work emerges from an ongoing research into cycles of formation, erosion and renewal. Across the compositions, surface pressure, exposed threads and tonal transitions evoke processes of sedimentation, where layers accumulate, shift and gradually transform over time.
