

Silhouette Pendant Light

Ross Gardam

Silhouette's minimal fluted form is inspired by the archetype of a torch, where the materiality defines the luminance. The Silhouette Pendant offers superior flexibility in function and materiality. Each glass light is mouth blown in Australia, featuring striking natural variations that only present in mouth blown glass.

Featuring a distinct fluted profile, the Silhouette Pendant light shade is available in glass or aluminium and has been meticulously designed to be used individually or as a cluster in both residential and contract settings.

Starting at: \$393

Ø 4.8 X 8"
