

Volant Wall Light Double

Ross Gardam

Volant features solid brass bars, paired with textured, tubular formed-glass elements, creating a statement luminaire. This delicate light creates an equilibrium between the different materials and offers a beautifully soft level of luminosity.

Each of the glass elements and brass components are made in Australia and hand assembled in our Melbourne based studio. The Volant Wall Light is available in a selection of glass finishes combined with natural hand rubbed brass, bronze, and blackened brass with a waxed finish.

Starting at: $2,640

Leadtime: 10-12 Weeks
