

Welles Glass Long Chandelier 8

Gabriel Scott

Originally launched in Steel, the Welles lighting series has evolved to include alabaster white, smoked gray and textured glass options. Using the same proportions as Welles Steel, the Welles Glass chandelier is a fixture inspired by jewelry and combines elegant glass modules with handmade satin metallic prongs.

The Welles Glass 8 chandelier balances a geometric shape with a soft, frosted white or smoked gray glass encased in satin metallic prongs.

The Welles Glass Chandelier is a delicate, yet striking statement piece with infinite possibilities. Get in touch should you want to discuss customizing a Welles fixture for an upcoming interior project.
