

Welles Small Chandelier by Michelle Gerson

Gabriel Scott

A stunning fixture perfect to hang over a kitchen island or dining table, Michelle Gerson's Welles Small Chandelier is handmade using alabaster white glass and a choice of metal hardware in Gabriel Scott's signature finishes.

Michelle Gerson turned to nature to design the Michelle Gerson for Gabriel Scott collection, bringing in a floral element to represent growth and bloom, alluding to the rebirth of the classic Welles design by Gabriel Scott. The softer, organic lines juxtapose perfectly with the harder geometric shape of the Welles.
