

Welles Steel Central Chandelier – 10

Gabriel Scott

A stunning cluster of handmade Welles Steel modules, the Welles Steel Central Chandelier is a stunning centrepiece for many applications, including an elegant display above a dining table, an entranceway statement piece or in a living room or hospitality environment.

The Welles Steel Central Chandelier is incredibly versatile and can be made in satin brass, copper or nickel, or a combination of white or black steel and your choice of metal.

A modern piece that showcases expert artistry, the Welles Steel Central Chandelier is handmade in our Montreal studio and can be shipped globally.
