

Welles Steel Central Long Chandelier 14

Gabriel Scott

The Welles Steel Chandelier is a true representation of Gabriel Scott's design philosophy – to design and make modular products to custom specifications. Modular in its design, the Welles can be easily scaled up or down. Please view the various standard options available and let us know if you need something more custom.

Along with the Welles 12 Chandelier, the Welles 14 Chandelier is one of the most popular sizes specified. They tend to work well within a number of interior design schemes, including above dining tables, living spaces or entranceways.
