

Welles Steel Central Long Chandelier 22

Gabriel Scott

In 2017 Gabriel Scott were looking to design a lighting fixture that would meet two objectives: it had to be expandable without making use of rods; and it had to be accomplished with a modular system. From this brief, Gabriel Scott's iconic Welles Steel Chandelier was launched. The Welles Steel 22 Chandelier is one of many sizes available. Please refer to the Collections page to see all standard options.

The Welles Chandelier is a true representation of Gabriel Scott's design philosophy – to design and make modular products to custom specifications. Please get in touch should you have a bespoke requirement.
