

Wishbone Drawer Desk

Skram

Skram's classic desk is an exploration of cantilever in minimalist form. The product is available in two standard models and a variety of hand bookmatched veneers and metal finishes. Both models feature three drawers each. All drawers are solid maple with cork-lined bottoms and ride on concealed, soft-closing runners. Drawers open via low profile tab pulls, which are finished to match metalwork. Wire management and power integration options are available by request. This product is endlessly customizable in size, configuration, and material.
