

X-Large Bubble Chandelier

Pelle

Based on an original design first conceived in 2008, the X-Large Bubble Chandelier is handcrafted to order in PELLE's Brooklyn-based studio. The airy bubbles on the extra large chandelier are anchored by PELLE's precision-tooled hardware, finished to a fine quality. The light's natural cotton cord decorative coiling (available in colored leather as a custom upgrade), is meticulously done by a practiced hand.

Other available upgrades include hand-painted strokes, 24-karat gold leaf, or silver leaf on the hand-blown glass globes, and custom metal finish options.

FOR GLASS UPGRADES: If less than 100% of total globes are selected

Starting at: \$4,400
